SUMMARY OF THE REASONS FOR DECISION:

The classification Office classifies the CD-ROM slick *Day Dream* as:
Objectionable except if the availability of the publication is restricted to persons who have attained the age of 18 years.

The CD-ROM slick contains a full colour photographic image of a female removing her top revealing one of her breasts and posing in a sexually provocative manner. The slick is intended as shelf advertising, and is indicative of the sexually explicit content of the associated CD-ROM. In view of this the availability of the slick is likely to be injurious to the public good unless restricted to adults. This restriction is considered to be a reasonable and demonstrably justified limitation of the rights and freedoms in s14 of the New Zealand Bill of Rights Act 1990.
